CSU Peer Bridger

Description

- The primary purpose and responsibility of the Peer Bridger is to help service recipients understand recovery and achieve their own recovery needs, wants, and goals. Lifecore Peer Support Specialists/Peer Bridgers offer a unique and important role in the Mental Health Recovery Process. They are professionals and work from a person-centered, strength-based perspective and embody the belief that recovery is possible. Peer Support Specialists/Peer Bridgers provide the uniquely targeted insight into certain aspects of mental health that only someone who has “been there” can formulate and convey.
- The Peer Bridger offers support and assistance with the transition from Crisis Stabilization Unit discharge back into the community and back to services with LIFECORE. This may also include housing assistance and other resources needed for transition back into the community.
