CSU Therapist

Description

The CSU therapist is responsible for completing intake assessments, individual therapy and group therapy for clients being treated at the CSU. Direct Clinical Services for a broad range of mental health needs with adults to include diagnostic impressions, clinical assessments and referrals as needed.

Responsibilities

- Provide individual, group, and family therapy.
- Accurately and timely complete initial intakes, CTP's, periodic reviews and annual CTP's as needed.
- Participate in treatment team meetings with other staff members.
- Participate in in-center emergency system and hospital consultations as needed.
- Participate in crisis management system and hospital consultations as needed.
- Conduct civil commitment pre-screening evaluations as needed.
- Provide Targeted Case Management services to all assigned individuals to assist with resource coordination and treatment plan review/coordination.
- Formulate and execute discharge plans including providing psycho-educational experiences, communicating with support systems and providers, and coordinating placement.
- Meet all productivity, paperwork and other equality assurance expectations as specified by program coordinator.
- Treat individuals receiving services, family members, staff, volunteers, visitors, government agencies, and the general public with respect, dignity, and courtesy at all times.
- Adhere to all Department of Mental Health Standards, Division of Medicaid Standards, and maintain respect for all other LIFECORE Health Group's policies, procedures, and management decisions.
- Respect and uphold the confidentiality of individuals receiving services, their family members, colleagues, and any sensitive situations arising within the agency.
- Participate in all training required for your specific position and by the agency at large.
- Perform other specific duties as assigned by your supervisor/manager/coordinator.

Qualifications

- A Master's Degree in Counseling, Social Work, Psychology, or related Mental Health Field. Hold a professional license, or obtain and maintain DMH Credentialing for Therapist, MH, IDD, and/or AD, whichever is appropriate to the population being served.
- Interpersonal skills necessary to establish professional relationships with clients and staff
